Commit.

You already know what to do.

Knowing was never the problem. **Following through** is. So we put something real on the line.

MEET MAYA

January 2nd. Maya signs up to the gym and tells everyone: “This is the year.”

WEEK 1

Three visits. New shoes, new playlist, fresh energy.

WEEK 3

“I'll go tomorrow.” Tomorrow has meetings.

WEEK 6

The membership keeps charging. The bag stays by the door.

WEEK 9

She doesn't feel lazy. She feels like she *lets herself down*, again.

Maya is not unmotivated. Nothing happens when she skips.

THE PROBLEM

Good intentions have no consequences.

Reminders get ignored

A notification costs nothing to swipe away. So we swipe.

Streaks don't hurt

Lose a streak and you shrug, then quit the app too.

Memberships pay off the gym, not you

You pay either way. The only one rewarded for your skipping is the business.

People don't need more information. They need a reason to start today.

THE IDEA

Put money on your goal. Miss it, and it goes to charity.

1

Pick a task

Go to the gym. Small and real, or let AI suggest one.

2

Stake a few dollars

Set the amount and a deadline.

3

Prove it with a photo

A live photo, checked by AI. No sofa check-ins.

4

Keep it or give it

Done in time: money back. Missed: it helps someone.

✨ **Not sure what to commit to? Ask the AI.** It suggests your next goal and guides you through it, keeping you motivated all the way.

$10 → you You showed up. You keep your money *and* the win.

$9 → charity You didn't. It's not lost, it helps somebody. The other $1 keeps Commit running.

THE PRODUCT

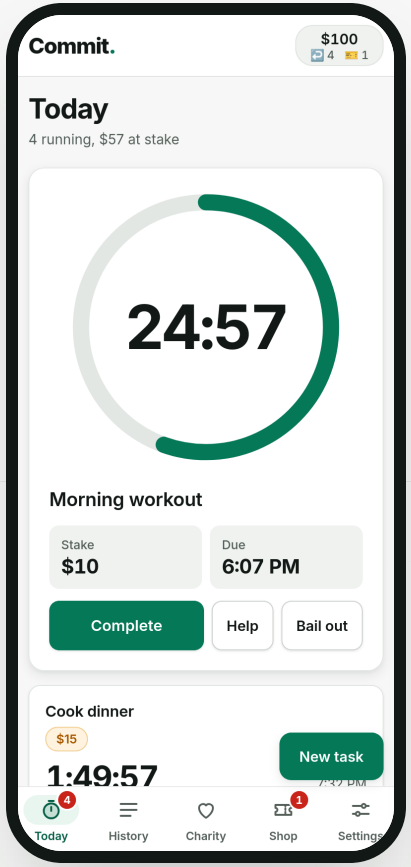

Built to make starting easy.

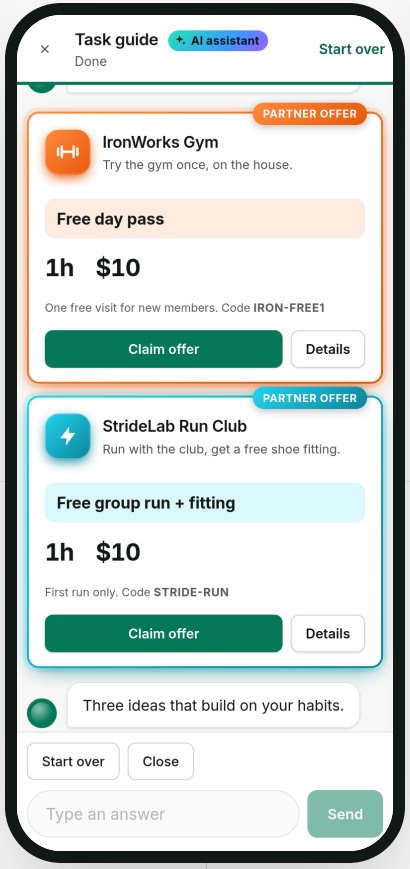

A countdown you can feel
Every task has a live timer and a stake on it.

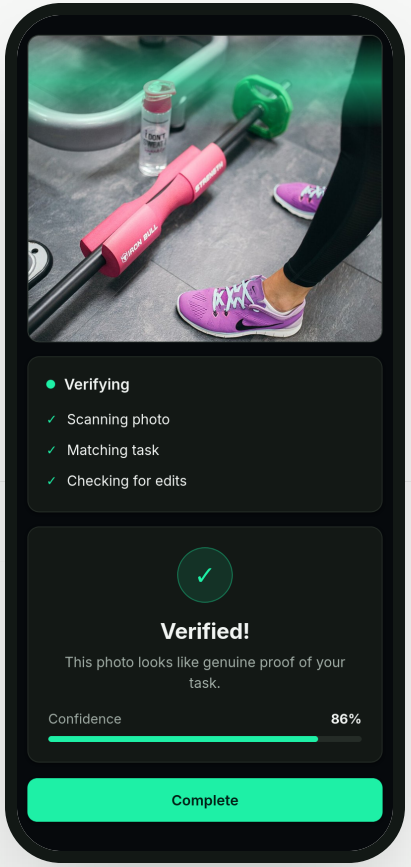

AI helps you pick the goal
Three ideas fitted to your mood, time and history.

Honest proof
A live photo, verified, with a confidence score.

A safety net for real life
Bail-out and “one more try” tickets. We're firm, not cruel.

WHERE WE START, AND WHERE WE GO

The gym is our first chapter. Not the whole book.

Starting point

🏋️ Gym visits

Easy to prove with a photo, motivation fades fast, and a miss has a clear cost. The perfect place to prove the idea.

🍳
Cook dinner

🎓
Study blocks
Students, exam season

💻
Deep work
Freelancers, remote teams

🧘
Yoga, sleep, meds
Wellness routines

Anything you can prove with a photo, you can commit to. New task types are a config file, not a rebuild.

HOW WE MAKE MONEY

How we earn.
All of it tied to your success.

1 · CHARITY SHARE

10% of missed stakes

- ✓ Only when a stake is forfeited
- ✓ The other 90% goes to the charity you chose
- ✓ Keep your promise and we earn nothing

2 · TICKETS

Pay as you need

- ✓ **Bail-out ticket:** truly blocked? Clear a task and keep your stake
- ✓ **One more try:** missed a deadline? Get another go
- ✓ A few free every month, extra ones in the Shop

3 · PARTNERS

Promos & services

- ✓ Gyms, studios and more offer free day passes and intro deals
- ✓ We feature them in the top suggestions
- ✓ Users get an easy first step, partners get real customers

Our promise We grow when people try, and when they are kind to themselves. Every missed stake still helps a cause.

TWELVE WEEKS LATER

Maya went. Thirty-one times.

Not because she became a different person. Because Tuesday at 6:07 PM now meant something. The two times she missed, **a stranger got a meal**. **So even her misses were not a loss. She helped somebody.**

31	$20	0
visits proven	to charity, from 2 misses	real losses

Commit. Make it count.
